Configuring IPsec Site-to-Site VPN

Upon completing this lesson, you should be able to do the following:

- Describe how to navigate the site-to-site VPN Wizard
- Describe the components that will be configured by the SDM site-to-site VPN wizard

Hi B Haines,

Thank you very much for your comment and I will pass this on to our team. We are constantly adding new content so check back periodically.

Regards,

Reggie

+1 for this!

Just wondering is it possible to download a copy of this to watch?

Hi Shane,

Thank you for your question but unfortunately at this time we are not allowed to post the full topic, full chapter or full module, slides or downloadable multimedia. Doing so would be a conflict of interest between Cisco and our Learning Partners who provide the formal training to our customers. Our site is meant to be a "supplemental" self-study site and is not meant to replace formalized training either for in classroom training or online learning modules. Although we will do our best to post the most popular topics (in the form of bite size learning nuggets) to help with your studies.

Best Regards,

Reggie
